Ref Your letter No L 12797 dated 17-3-1951

The rules for the regulation of water-supply in Mysore city notified for objections in No I 9513/L 46-46-13 dated 7-1-1947 have been adopted without any change in pursuance of letter No I 14592 dated 16-7-1948 issued in the Revenue Secretariat (copy enclosed) No doubt the levy of concession rate for consumption of water in excess of the free allowance is 6 annas per 1,000 gls as prescribed in the rules But in pursuance of G O No L 2471-e/M1 176-31-15 dated 14th October 1933 all the choultries in the city are given the free concession of water to the extent of sanction in each case fixed according to their bonafide requirements and for the excess consumed over the minimum prescribed at 0-8-0 is charged for every 1000 gls According to Rule 80(1) of the present water supply rules notified on 7-1-1947 a consolidated list of existing chattrams in the city have to be submitted by the Chief Engineer and such a list has not so far been prepared and submitted to Government

As fixing a lower rate of 6 annas to this Institution in particular when other similar Institutions are charged at the rate of 8 annas for the excess water consumed over the minimum, is not fair, the proposal of the council may kindly be approved and orders of Government obtained sanctioning the resolution of the Council to allow a free supply of 4000 gls per month and to charge the excess quantity used at 8 annas per 1000 gls as in the case of others

Yours faithfully,

Municipal Commissioner
